

LWVA Membership Report
June 2017

The membership renewal drive for 2017 started in October 2016. By the end of the year, a total of 17 members failed to renew their membership for 2017. During January, the local membership database was updated, copies of the 2017 membership list were mailed to all members, the Interest and Activity list for 2017 was generated and the National database was updated. The I&A list can be obtained from Dick Kofler (kofler@physics.umass.edu).

Since January, 19 new members have joined the Amherst league and the membership count stands at 193, including “partner members”. Most new members were encouraged to join by current members.
