

Recommendations of the Organizational Structure Task Force

(Joint LWVA Organizational Structure Task Force and On and Off-Board Member Meeting, November 30, 2016)

In June 2015, LWVA implemented a new organizational structure around the core functional areas of Leadership, Finance, Voter Service, Membership, Records, and Communication.

Discussion at the joint LWVA Organizational Structure Task Force and Board Meeting on November 30, 2016, supported retaining the flexibility of the current structure as well as increasing the number of Board members. The following are the joint OSTF and Board recommendations for the 2017-2018:

- Up to a total of 12 Board members to fully support the League's work
- Up to 3 members as At-Large Members, fully sharing across functional area needs. The number of At-Large members will depend on the number of split positions.
- Board job sharing: split functional area positions to share the responsibility
- Offer options: a one or a two year Board position
- Continue Team concepts approach

Additionally, the LWVA Non Partisan Statement and Bylaws should be revisited.
